Work Experience

Business Analysis & Development Specialist

Vensi | Dec 2025 – May 2026

Researched 30+ potential B2B partners, evaluated business opportunities, and supported outreach and partnership follow-ups. Built 5+ management dashboards in Metadata BI to track KPIs and surface trends, contributing to an estimated 20% reduction in manual reporting time. Worked with managers to define business needs and streamline workflows for more efficient operations.

Assistant Production Manager

Behineh Sanat Isfahan | Apr – Sep 2024

Coordinated production planning and progress tracking in Excel and Microsoft Project while working across production and technical teams to resolve operational issues. Built strong cross-functional coordination, time management, and structured problem-solving skills that carry directly into partner-facing business development work.

Business Planning & Design

Service Business Launch Project | Oct 2023 – Apr 2024

Contributed to business model development and feasibility analysis, evaluating resource allocation and customer flow to support efficient service delivery. Strengthened analytical thinking and stakeholder communication, with a focus on turning business ideas into actionable plans.

Projects

E-commerce Business Development & Digital Strategy

Independent Project | 2026

Developed a WordPress e-commerce website focused on customer experience, online sales, and business growth.

Market Entry & Go-to-Market Strategy

Independent Case Study | 2025

Designed a market entry strategy covering customer segmentation, competitive positioning, acquisition channels, and KPIs.

FMCG Market Research & Competitive Analysis

Academic Project | 2024

Analyzed market trends, customer segments, and competitors to identify growth opportunities and improve market positioning.

Capital Budgeting & Investment Analysis

Academic Project | 2023

Assessed a real company's investment opportunities, evaluating financial feasibility, expected returns, and risks.
